Workshop: "GENDER AND PROFESSION"

10 November

To treat one's fellow human beings with tolerance, respect and mutual consideration - neither age, sex nor origin should play a role. Thinking in pigeonholes and stereotypes should have been a thing of the past long ago. But is it?

This workshop aims to introduce international students to the concept of equality in the workplace.

CHRISTMAS VOLUNTEER MARKET

29 November

According to a 2017 study by the Stifterverband entitled "From the lecture hall to the workplace? International students entering the workforce in Germany", international students who have done voluntary work during their studies are more likely to find a job in Germany.

For these reasons:

- They learn German faster.
- They strengthen their personal, communication, organisational and administrative skill.
- They develop a strong sense of self-worth.
- They meet people who can help them find a job.
- German companies evaluate this kind of experience positively when hiring them.

For all these reasons, you can't miss this event! You are sure to find your perfect organisation!

INTERCULTURAL TRAINING FOR MASTER STUDENTS: GERMAN BUSINESS CULTURE
