13:30 Workshop Session C

4. How to analyze the environmental impacts of a landscape project
5. Applying BIM Workflows to Sustainable Site Design and Documentation

External Event

- 16:00 International Landscape Architecture at Bauhaus Aula Bauhaus Dessau, Gropiusallee 38
- 18:00 Opening Lectures & Exhibition: Sponge City Quedlinburg
- 20:00 Buffet
- 21:00 We Rock Landscape Architecture! mit DOCTOR VICTOR, Prag

Thursday, May 25th

08:00 Registration

08:30 Welcoming addresses

- 09:00 Keynote - Landscape Architecture and the Business of Saving Lives
Prof. Christian Werthmann, Leibniz University Hannover

10:00 Coffee Break

10:15 Resilient Landscape I & II

12:15 Lunch

- 13:00 Keynote - Climate Resilient Tools for Landscape Architects
As. Prof. Daniel Roehr, University of British Columbia

14:00 Landscape and Building Information Modeling I & II

15:30 Coffee Break

16:00 Teaching Digital Landscape Architecture

16:00 UAV + Remote Sensing and Digital

17:15 A Fireside Chat on a Critical Juncture

18:00 Guided Tour Bauhaus or UBA

19:30 Conference Dinner

Friday, May 26th

08:00 Registration

- 09:00 Keynote - The Power of Landscape
Prof. Dr. Sven Stremke,
University Wageningen

10:00 Coffee Break

10:15 Algorithmic Design

10:15 Geodesign

12:30 Lunch

- 13:30 Keynote - The concept of deep time as a strategy for a resilient urban landscape
Dr. Carlo Becker

14:30 Visualization, Virtual Reality and Augmented Reality I & II

15:30 Coffee Break

16:00 Closing Discussion

- 17:00 Closing Ceremonies and DLA Preview 2024 at the Vienna University of Technology

Saturday, May 27th

- Bauhaus Museum
Bauhaus Meisterhäuser
Wörlitz Gartenreich
